12 Barometer
Fictional disadvantage: Atmospheric & Barometric Pressure - Poor Test

13 Weather Forecast
The initial numerical weather forecasts will be shown in the lower left corner of the page. The weather station will provide hourly forecasts for the next 24 hours.

14 Interpreting the weather forecast symbols
The weather forecast symbols are described as follows: Clouds, Sun, Rain, Snow, Storm, Gale, Hurricane.

15 Press the Base Station and Remote Sensor
1. The base station sensor should always be placed in a well-ventilated area and outside, away from trees, buildings, or other obstructions.
2. Place the sensor on a table, desk, or similar surface.
3. Make sure the sensor is at least 3 feet away from any other devices.

16 Storing and Tips
1. The remote sensor should be stored in a cool, dry place.
2. Avoid exposing the remote sensor to extreme temperatures or humidity.
3. Keep the remote sensor out of direct sunlight.

26 FCC STATEMENT OF COMPLIANCE
This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

1. This device may not cause harmful interference, and
2. This device must accept any interference received, including interference that may cause undesired operation.
