3. Components

1 x Transmitter
1 x USB Charging Cable
2 x Clips
4 x Plastic Winders
4 x Detachable, color coated stainless steel probes
1 x User Manual

4. Usage

Follow the simple steps below to set up your ThermoPro Bluetooth Cooking Thermometer and help you cook like a pro!

Noted: Fully charge the ThermoPro Bluetooth Cooking Thermometer by connecting the USB charging cable provided to any USB charger.

Step 1: Download and install the "ThermoPro BBQ" App.

Scan the QR code above, or search for "ThermoPro BBQ" on the Apple Store for IOS devices or on the Google Play Store for Android devices. Download the App and install it on your smartphone.
Step 2: Enable Bluetooth on your smartphone under the smartphone Settings section. If your smartphone has Bluetooth enabled already, you can skip this step.
Step 3: Insert the four temperature probes provided into the thermometer transmitter matching colored sockets.
Step 4: Turn on the thermometer transmitter by pressing the ⏻/**°C/°F** button once on the back of the transmitter unit. The Bluetooth icon will begin flashing at the top of the transmitter display.
Step 5: Launch the ThermoPro BBQ APP and press Start Pairing. Wait a moment while the thermometer pairs to your smartphone. Once pairing is completed, the Bluetooth icon ﹢ on the thermometer transmitter display will stop flashing and the APP will jump to the Cooking page which shows the temperatures measured by the probes. Done! Your ThermoPro Bluetooth Cooking Thermometer is ready for use!
Any questions or need more help with setup, please feel free to contact us.

5. Declaration of Conformity

Hereby, the manufacturer declares that this product with the basic requirements and applicable regulations of the Radio Equipment Directive 2014/53/EU, the EMC Directive 2014/30/EU. The complete declaration of conformity can be found at:
